TERMIX BARBER BRUSHES

Termix presents their new line of top quality, Barber Brushes, which are specifically designed to meet the needs of men's hair.

- ⦿ Thicker fibres which won't damage the scalp
- ⦿ Rapid drying for healthier brushing
- ⦿ Design which avoids pulling the hair
- ⦿ 2 year warranty

BRTBTFS

A vented hot brush with a black metal base plate, ideal for adding volume and raising the roots in styles such as the Pompadour.

BRTBVL

The widely spaced bristles and vented body make this brush perfect for untangling, shaping hair and gently massaging the scalp. Also perfect for beards.

BRTB12/17/23

Perfect for adding volume, softening texture and shaping hair. Available in 3 sizes:
12mm - Short hair
17mm - Medium hair
23mm - Long hair

What You Need to Know

Use: For all types & lengths of men's hair

Ceramic Technology: All brushes include a ceramic coating, ensuring evenly distributed & maintained temperature which reduces drying time.

High performance ionised fibres: Resist high temperatures in order to work with the hair dryer. Protects hair, eliminates static & adds shine.

Barber design: This new range is in military green, suitable for any barber shop

Made in Spain: using the Termix production process, which includes heat assembly and hand checking every individual brush

Warranty: Termix's legendary 2 year warranty
